Work Out Website for Young Men Launched

To mark World Mental Health Day 2012, a new, interactive, self-help, online programme called ‘Work Out’ was launched. This is designed to help young men on the island of Ireland to improve their ‘mental fitness’. This website is the result of a partnership between Inspire Ireland, the National Office for Suicide Prevention (NOSP) and the Men’s Health Forum in Ireland. It is one element of a bigger all-island initiative called the ‘Young Men and Suicide Project’ (funded by the DHSSPS, PHA, HSE and NOSP).

Work Out (www.workoutapp.ie) is free and easy to access. It is based upon a series of brief online interventions (called ‘Missions’) which utilise the principles of Cognitive Behavioural Therapy. During Work Out, young men are invited to: register for an account; take a comprehensive test to assess their strengths and weaknesses; undertake a series of practical ‘Missions’ to improve their mental fitness; use the online reports to check (at any time) how they are improving. Movember is Here!
During the month of November each year, 'Movember' is responsible for the sprouting of moustaches on thousands of men’s faces in Ireland and around the world. The aim of this month is to raise vital funds for, and awareness of, men’s health - specifically, prostate cancer. Check out http://ie.movember.com for more information.

Keep up-to-date with Man Matters
'Man Matters' is a partnership in Northern Ireland which involves the Workers’ Educational Association (WEA), Home-Start NI, Parenting NI and the Men's Health Forum in Ireland. It is supported by the Big Lottery Fund. The project focuses on males, and addresses the themes of health, education, parenting/family, and community work/volunteering. It works, primarily, with men to increase their knowledge and capabilities, but also seeks to influence how services are provided and policies are made. Man Matters may be able to help your local work by offering courses, workshops, volunteering opportunities, events, seminars and conferences. The project has, recently, re-launched its website at www.manmatters.org This site contains information on the work of the project and details of upcoming events. It also has a resources section, with links to a wide variety of organisations and information in the field of men’s work. These cover areas such as fatherhood, caring, mental health and physical activity. In tandem with the re-launch of the website, the project has created a new Facebook page. This contains all the latest stories, news, and pictures from the project. Check it out at: www.facebook.com/pages/Man-Matters/280916372017605 and - better still - click to ‘Like’ it.

Wise Men’s Health Clinic
The Wise Men of the East Network (in East Belfast) will, once again, be running an evening Men’s Clinic at Holywood Arches Health Centre - with health promotion information every other week. The clinics begin on Wednesday 7th November and run each week from 6.00pm to 8.00pm. In the past 12 months, 190 men have made use of the evening clinic, and an ‘Exit Survey’ showed that this experience provided (for the majority of the men) a motivation to improve their health, as well as offering them a strategy for how to do this. The clinic is led by District Nurses, and is aimed at men who have not had contact with their GP in the last 12 months. The service offers men over 35 years of age a check-up for their weight, blood pressure, screening of their blood, cholesterol level, and an opportunity to discuss their general health. The results of raised blood sugar levels, cholesterol, prostate problems, raised blood pressure etc. are forwarded to GPs, and the men are advised to follow this up. As well as men being referred by their GP, they can also refer themselves to the clinic by leaving their details on the answer machine at Tel: 02890 563307. They will then be contacted about an appointment. For further information, contact Alan Houston, on Tel: 02890 451512 or Email: alan@ebcda.org

Understanding Fatherhood in the 21st Century
