The Ulster Cancer Foundation (UCF) has launched a “Man Alive!” Calendar 2009 to promote key men’s health messages (which are featured on each calendar month) as well as to raise funds to support local men with cancer. The Man Alive! Calendar is a light-hearted way to communicate key cancer prevention and early detection messages to men and also highlights UCF services that are available. If you would like to order a Man Alive! Calendar there is a minimum donation charge of £5.95. All profits raised from the sale of the calendar will go towards UCF’s work. A Male Health and Well Being Study
U3A Foyle, based in the Gransha Park site in Derry, are running a 12 week programme for males from Monday 19th January - Monday 6th April 09. The Physical Activities Coordinated Programme programme (PAC) is a pilot study organised in partnership with the University of Ulster. The aim of the study is to investigate the extent to which the programme influences the health and well being of participants. The programme includes a range of indoor and outdoor activities, and the physical activity and dietary habits of participants will be assessed at both baseline and following the intervention period. The partnership approach with the University means that the U3A can gain a scientific research paper on the benefits of its exercise programme, and can produce both a qualitative and quantitative evidence base to support their work. If you would like more information on this programme, please contact Christine O’Kane on Tel: 02871 860123 or Email: u3a.foyle@btinternet.com

**Website of the Month**

Odadeo helps you answer the question “How am I going to be a great dad?” with social tools on web and mobile. The idea is that a dad can sign up to the site and make pledges about things he wants to do as a father. The pledges are collaborative - so you can keep track of how you and your friends are doing on those pledges, as well as sharing links, tips and questions. There are features on the site such as 'badges’ that you can use to identify yourself as a particular kind of dad and connect with others. There is a kids’ page where you can set up and keep a record of their lives; and the ‘DADSDAQ,’ which graphs your dad progress as you ‘pip’ your pledges when you do something towards fulfilling them.
