Special One-Off Newsletter Dedicated to Dads
Gemma Connor, of the Parenting Forum NI, will be dedicating the June Edition of the Parenting Forum Newsletter to celebrating the work that is being done with fathers. In this edition they hope to include some interesting facts about the positive influence that men can have on children, several true stories, and information on what services are already available for fathers. If you or your organisation work with a group of fathers and would like to be included - even it is only a few lines or a photograph of an event you have held - please email Gemma at gemma@pachelp.org or phone her at 02890 310891. This newsletter is currently an insert in the ni4kids newspaper and has a distribution of approximately 40,000. The deadline for articles is Wednesday 14th May 2008.

Men’s Learning: Findings from Australian Adult Education Research Seminar
There is a trend in many countries for men not to be enrolled in formal adult education programmes. Research from Australia has confirmed the importance of men’s community-based activity at local neighbourhood level. This often involves a range of grassroots, hands-on organisations, including voluntary fire services and sporting clubs. Professor
Barry Golding and Dr Mike Brown, University of Ballarat, Victoria, Australia will lead a seminar on their ongoing research into men’s learning and education. This will focus on the effectiveness of informal learning for men through community-based organisations - often using men's sheds to promote learning for men who have negative or limited experiences of formal learning. This seminar will take place on Wednesday 25th June 2008 from 1.00pm - 2.00pm (sandwiches and refreshments available from 12.30pm) in Queen's University Belfast’s School of Education (Lifelong Learning), Room 005 (Ground Floor), 20 College Green, Belfast. Everyone is welcome, and no registration is required.

Ideas for Dads and Kids

Teacher Appreciation Week in America is 4th - 10th May 2008, but that doesn't mean we can’t celebrate it here. It is a scientific fact that teachers love to read (!) so making a thank you bookmark is a perfect way to show your appreciation.

How to make a book mark …

Things you need:

- Thick white card
- Scissors
- A bookmark
- A pencil
- Some wool
- Felt tips / crayons / colouring pencils

1. Take an old bookmark and draw around it with a pencil - this saves time rather getting out a ruler to measure it and ending-up with a wonky book mark!

2. Dad: Cut along the pencil marks with the scissors.

3. Make a whole at the bottom of the book mark. This is where you tie the wool.

4. The next stage is the creative part of colouring it in and writing a message on it. Remember you can draw on both sides of the bookmark and don’t forget to sign it.
