# Men's Health Week 2019

## Why do we need to focus upon men's health issues and needs?

Males constitute almost 50% of the population on the island of Ireland and, therefore, deserve to have a gender lens focused upon their specific health needs. Research shows that these men experience a disproportionate burden of ill-health and die too young ...

- Local men die, on average, up to four years younger than women do.
- Males have higher death rates than women for all of the leading causes of death.
- Poor lifestyles are responsible for a high proportion of chronic diseases.
- Late presentation to health services leads to a large number of problems becoming untreatable ...

Indeed, while many of these conditions are preventable, their prevalence amongst men may, in fact, rise in the future. However, this is not a lost cause. Much can be / is being done to improve this situation.

## Where is MHW celebrated?

MHW is celebrated in many European countries, as well as in the USA, Australia, New Zealand, Canada and a number of other places worldwide.

[Return to Contents](#)

## What are the aims of MHW?

Internationally, the core aims of MHW each year are to ...

- Heighten awareness of preventable health problems for males of all ages.
- Support men and boys to engage in healthier lifestyle choices / activities.
- Encourage the early detection and treatment of health difficulties in males.

## Is there a specific theme this year?

Each year, individual countries focus upon a specific theme. The theme for 2019 on the island of Ireland is: '*Men's Health Matters*' and everyone is being asked to MAKE THE TIME and TAKE THE TIME to do something practical and realistic that will have a positive impact.

This is different to the theme in England and Wales - which will focus upon the effect of inequality and deprivation on men's health.

## Why choose the theme ‘Men’s Health Matters’ for 2019?

Not too long ago, we were unaware of the full extent of men’s poor health status and the specific health issues that they are contending with. However, this is no longer the case. In recent years, a broad range of research has highlighted the health challenges which face men in Ireland and further afield. For example ...

- Men’s Health in Ireland ([www.mhfi.org/fullreport.pdf](http://www.mhfi.org/fullreport.pdf))
- Getting Inside Men’s Health ([www.mhfi.org/gettinginsidemenshealth.pdf](http://www.mhfi.org/gettinginsidemenshealth.pdf))
- Men’s Health in Northern Ireland: Tackling the Root Causes of Men’s [ill] Health ([www.mhfi.org/manmattersbriefing1.pdf](http://www.mhfi.org/manmattersbriefing1.pdf))
- A Report on the all-Ireland Young Men and Suicide Project ([www.mhfi.org/ymspfullreport.pdf](http://www.mhfi.org/ymspfullreport.pdf))
- Facing the Challenge - The Impact of Recession and Unemployment on Men’s Health in Ireland ([www.mhfi.org/IPHreport2011.pdf](http://www.mhfi.org/IPHreport2011.pdf))
- A Report on the Excess Burden of Cancer among Men in the Republic of Ireland ([www.mhfi.org/ICSreport2013.pdf](http://www.mhfi.org/ICSreport2013.pdf))
- The State of Men’s Health in Europe ([www.mhfi.org/menshealtheurope.pdf](http://www.mhfi.org/menshealtheurope.pdf))
- Middle-Aged Men and Suicide in Ireland ([www.mhfi.org/MAMRMreport.pdf](http://www.mhfi.org/MAMRMreport.pdf))

Yet, although the health of men in Ireland is poor, it is not a ‘lost cause’ - and it can be improved in many significant ways. A wide range of innovative and positive work has already taken place to support the health needs of men and boys: Ireland was the first country in the world to have a [National Men’s Health Policy](#) which was succeeded by a dedicated [Healthy Ireland Men \(HI-M\) Action Plan](#); the ‘Engage’ men’s health training programme has influenced how services and structures support males; pioneering approaches have been developed and tested which provide models for improving men’s health; new men’s health and support groups are evolving across the island of Ireland ... Much has been achieved, but there is still room for improvement.

Of course, men, themselves, need to play a central role in taking control of their health and wellbeing. But men’s health is not just an issue for individual men. While it is crucial for men to take responsibility for looking after themselves, their health can often be determined by other factors outside of their personal control. Thus, there is also a need for policy-makers, service providers, and society as a whole to recognise the role that they need to play, and to do something practical about it.

The starting point for this year’s conversation about improving the health of males is to recognise and acknowledge that **MEN’S HEALTH MATTERS**. However, this is not enough on its own. It also needs to be followed-up by action, and this requires effort.

Therefore, during this week, everyone is asked to **MAKE THE TIME** and **TAKE THE TIME** to do something realistic and practical that will make a positive difference to the health of both themselves and the men and boys that they have contact with and influence over.

MHW 2019 offers an ideal occasion to focus upon this issue. The big question is: are you up for the challenge?

## What were the themes for MHW in previous years?

Previous MHWs in Ireland have focused upon ...

- 2005 - Obesity
- 2006 - Mental Wellbeing
- 2007 - Long-Term Conditions
- 2008 - Health in the Workplace
- 2009 - Access to Services
- 2010 - Physical Activity
- 2011 - Supporting Men and Boys during Challenging Times
- 2012 - What's Your First Instinct ... Fight? Flight? Find Out?
- 2013 - Action Men - Turning Words into Actions
- 2014 - Challenges and Choices: What's Your Aim?
- 2015 - Creating Culture Change

## Who is the target audience?

The purpose of MHW is to draw attention to the health and wellbeing issues affecting men and boys, and to encourage / promote personal, structural and systemic change where possible. This, therefore, implies that any messages and engagement needs to target:

- Males themselves
- Policy / decision-makers
- Service providers
- Public awareness and preconceptions

## Who can be involved in this week?

MHW gives everyone (health professionals, service providers, youth groups, sporting bodies, community organisations, employers, Churches, policy makers, family workers, pharmacists, the media, parents, individuals ...) an opportunity to encourage men and boys to take better care of their health and to seek help or treatment at an early stage.

## How can my organisation get involved?

Absolutely everyone can do something to support and celebrate MHW 2019. The call to action this year (i.e. *'make the time and take the time'*) lends itself to a wide range of ways to mark this occasion. However, anything which promotes and celebrates the week, and encourages men and boys to lead healthier lifestyles, to be more aware of preventable health problems, and to seek early detection and treatment for health difficulties is very welcome.

A range of practical ideas for how you or your organisation can be involved in MHW 2019 can be found online at: [www.mhfi.org/mhw2019celebrateit.pdf](http://www.mhfi.org/mhw2019celebrateit.pdf) These suggestions range from the simple and free, to large-scale and expensive!

You could also consider helping to distribute the new, free, 32 page 'Challenges and Choices' Man Manual (see [www.mhfi.org/mhw/mhw-2019.html](http://www.mhfi.org/mhw/mhw-2019.html) for details).

## Are there any ways that I can promote the week?

There is a common logo / image pack which can be used by everyone who wishes to raise awareness of MHW. There is also a MHW 2019 poster and postcard. These are important promotional tools - as one of the key aims is to let as many people as possible know about the week. These are available, free, to anyone who wishes to use them. See [www.mhfi.org/mhw/mhw-image-pack.html](http://www.mhfi.org/mhw/mhw-image-pack.html) for more details.

Promotion of MHW could take the form of:

- a) Putting a [Men's Health Week poster](#) (or two or three) up in your workplace / meeting space / community centre / local shop / waiting room / church hall / Men's Shed / gym / library / pub / home ... and/or sending the MHW postcards to people you know.
- b) Promoting the week on your website - using a copy of the [Men's Health Week logo](#) and/or other MHW images.
- c) Linking to the Men's Health Forum in Ireland's web page devoted to Men's Health Week 2019 ([www.mhfi.org/mhw/mhw-2019.html](http://www.mhfi.org/mhw/mhw-2019.html)) from your own website, Facebook page or other social networking site.
- d) Sending an email to everyone on your mailing list to tell them about Men's Health Week, and asking them to forward the message to all their contacts. Why not also insert the MHW logo into your outgoing emails for the months of May and June?
- e) Becoming a fan of the Men's Health Week in Ireland's Facebook page ([www.facebook.com/MensHealthWeek](http://www.facebook.com/MensHealthWeek)) and sending this link to all your online friends.
- f) Including information on Men's Health Week in your mailouts / newsletters.
- g) Telling others about what is happening in your area during Men's Health Week by posting details on the MHFI website. Use the form at: [www.mhfi.org/mhw/promote-an-event.html](http://www.mhfi.org/mhw/promote-an-event.html)
- h) Making the Men's Health Week logo your computer desktop 'wallpaper' during May and June.
- i) Reminding your colleagues to follow all the latest news on Twitter ([www.twitter.com/MensHealthIRL](http://www.twitter.com/MensHealthIRL)). Also Tweeting about the week yourself, and including #MensHealthWeek in your message.
- j) Encouraging the men you know to get involved in some of the activities taking place around the country during Men's Health Week 2019 ...

Doing one or more of these simple (and free) things would contribute hugely to MHW 2019!

## What is the 'Challenges and Choices' Man Manual?

Research clearly shows that there are many challenges to be faced when seeking to improve men's health. However, it also highlights that men's health can be improved in many significant ways - if the right choices are made. Men, themselves, have a key role to play in this process.

One of the most successful and sought after elements of previous Men's Health Weeks has been the 'Challenges and Choices' Man Manual which is distributed free-of-charge to males throughout the whole island of Ireland. Almost all of the hard copies of this booklet are given out within a few weeks of their release.

The 'Challenges and Choices' booklet is a male-friendly, 32 page publication, which highlights ten key men's health issues i.e. alcohol, food, physical activity, smoking, stress, blood pressure, sexually transmitted diseases, skin cancers, back care and help-seeking behaviour. It was written by leading men's health expert Dr Ian Banks (internationally acclaimed men's health author, President of the European Men's Health Forum, the British Medical Association's Spokesperson on Men's Health, and a resident of Northern Ireland).

This Manual: issues a realistic and practical challenge to improve the reader's health in each area of concern; provides a reason for why it is important to consider taking action in relation to each issue; offers three possible choices for what actions can be taken to combat each condition; signposts the reader to local sources of help and support.

During MHW 2019, 15,000 updated copies of this [publication](#) will be made available to men throughout the island of Ireland. These have been funded by the Health Service Executive in the Republic of Ireland and the Public Health Agency in Northern Ireland.

## Who has planned Men's Health Week 2019 in Ireland?

MHW in Ireland has been planned by a broad range of partners who contributed to an inter-agency Planning Group (see [www.mhfi.org/mhw/mhw-2019.html](http://www.mhfi.org/mhw/mhw-2019.html) for a list of members). This body began meeting in November 2018, and has had ongoing communication ever since.

The planning process drew upon the insight, expertise, support and contacts of diverse organisations (voluntary, community, statutory and academic sectors as well as men's groups) from across the whole of Ireland. The group was convened and coordinated by the [Men's Health Forum in Ireland](#) (MHFI). MHFI works alongside other Men's Health Fora worldwide to focus attention upon male health issues.

## What is the Men's Health Forum in Ireland?

The Men's Health Forum in Ireland (MHFI) is a diverse network of individuals and organisations, men and women, from both Northern Ireland and the Republic of Ireland. The Forum was established in 1999, and operates on an all-island basis. At present, it has one worker, but is, primarily, structured, organised and run using the expertise, resources and enthusiasm of volunteers.

MHFI is a charitable organisation which is registered as a Company Limited by Guarantee. The Forum seeks to promote all aspects of the health and wellbeing of men and boys on the island of Ireland through research, training, networking, health initiatives and advocacy.

One of MHFI's core areas of work is the coordination of Men's Health Week (MHW) activity on the island of Ireland each year. More details can be found at: [www.mhfi.org](http://www.mhfi.org)
